

Managed Cloud Services

Maximize the value of your cloud investment

Neudesic Managed Cloud Services

Just as the analysts predicted, Cloud Infrastructure Services is leading digital transformation with nearly all organizations (95%) using Cloud, or have a strategy to use multiple Clouds by 2020. Neudesic helps organizations navigate through their cloud journey by offering a comprehensive suite of Cloud Infrastructure Services. Neudesic can help you plan, build, migrate, and manage your Cloud infrastructure across private, public and multi-cloud environments. Neudesic has partnerships with the leading Cloud infrastructure providers – and over 800 certified engineers deployed across the globe.

Neudesic Cloud Infrastructure Services enables organizations to focus on their core business while realizing all the benefits of a well-designed and managed Cloud.

Seizing the Full Opportunity of Cloud Innovation

The cloud is enabling businesses of all sizes to create new innovative business models, operate more efficiently and stay competitive in the service-based economy. But new innovations come with new cloud management responsibilities for IT.

Our experienced Cloud Services Consultants work closely with you to come up with a tailored solution that fits your businesses unique needs.

Neudesic Managed Cloud Services include

- Managed Azure
- Hybrid Cloud Managed Services
- Multi-Cloud Managed Services
- IaaS & PaaS Managed Services

Neudesic Managed Cloud Services Delivers Value

Free up your internal IT resources for higher-level initiatives while you expand coverage with our deep bench of Azure specialists.

Maintain control and ownership of architecture and data. Your data and security needs are our #1 priority.

Reduce costs associated with 24x7 operations, overcome costly Cloud challenges, and eliminate investments in tooling.

Packages and Features

Our Managed Cloud Service offering can be tailored to your specific needs. We focus on removing the burden of every day management of your cloud environment so you can realize the business value of your cloud investments.
